

Stakeholder Map

Purpose: To identify and understand the key stakeholders involved in the project.

Instructions: Position stakeholders in appropriate circles based on their influence and involvement.

Empathy Map

Purpose: To understand the user's feelings, motivations, thoughts, and behaviors.

Instructions: In each section, participants jot down observations or insights about the user.

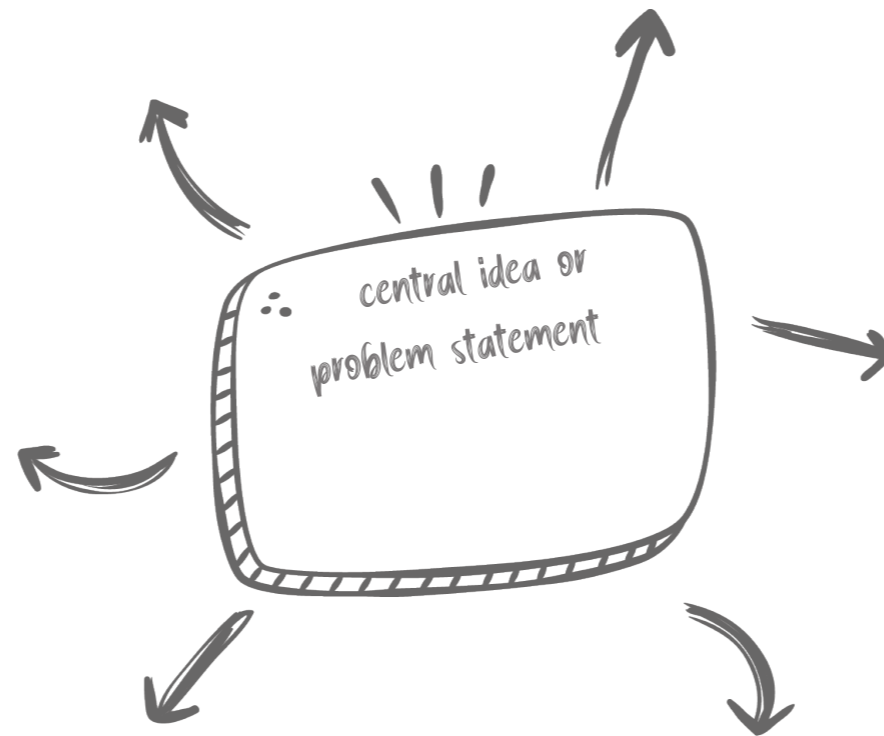

<i>Says</i>	<i>Thinks</i>
<i>Does</i>	<i>Feels</i>

Idea Brainstorm Sheet

Purpose: To generate as many ideas as possible.

Instructions: Participants write or sketch their ideas freely on the sheet.

Priority Matrix

Purpose: To prioritize ideas based on impact and feasibility.

Instructions: Place ideas on the matrix based on their perceived impact and ease of implementation.

Feedback Capture Grid

Purpose: To gather feedback on prototypes.

Instructions: After reviewing a prototype, participants can detail their feedback in the respective sections.
